

# In loving memory of Nirmal Kaur Ghumman

23/01/1951 – 05/03/2023

Nirmal was very committed to protecting the environment. A lover of plants and animals, one of Nirmal's more recent projects was for koala conservation, planting trees in the lower paddocks of Nazaaray, to create a koala corridor. It was Nirmal's wish for more eucalypts to be planted on the property for the koalas.

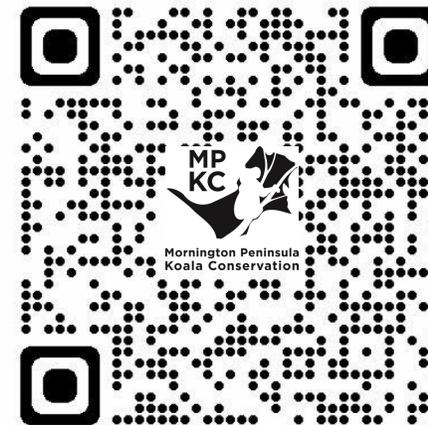

**OUR KOALAS NEED TREES**

Please make a gold coin donation or via the QR code to Mornington Peninsula Koala Conservation who have provided three varieties of eucalypts to the Ghummans to plant a grove of eucalypts in memory of Nirmal and where her ashes will also be buried.
